

Tragedy leftover anxiety  
brought me to use  
very different kind of space  
work feeds upon itself  
thinking in this way very form  
certain kinds of things occur  
I personality  
in part exercise  
seemed like a losing battle  
will it was is a very battle of things  
is real, has been, accept the tragedy.  
Work due to my at more don't want.
